

WE KEEP YOU RUNNING RESIDENTIAL SERVICE FOR THE PETROCHEMICAL INDUSTRY

WHAT YOU CAN EXPECT

The economic environment is constantly demanding new ways to improve plant efficiency. BEUMER Group, as an OEM of state-of-the-art machinery in the area of bagging, palletizing, and packaging, has decades of experience in operating and maintaining bagging lines. We use best-practice tools to decrease operational costs on the one hand and increase productivity on the other.

PEOPLE TAKING CARE

Within BEUMER Group more than 1,000 highly qualified engineers and service technicians are working globally to ensure that you will always get the most out of your equipment: high availability and profitability on a daily basis 24/7/365.

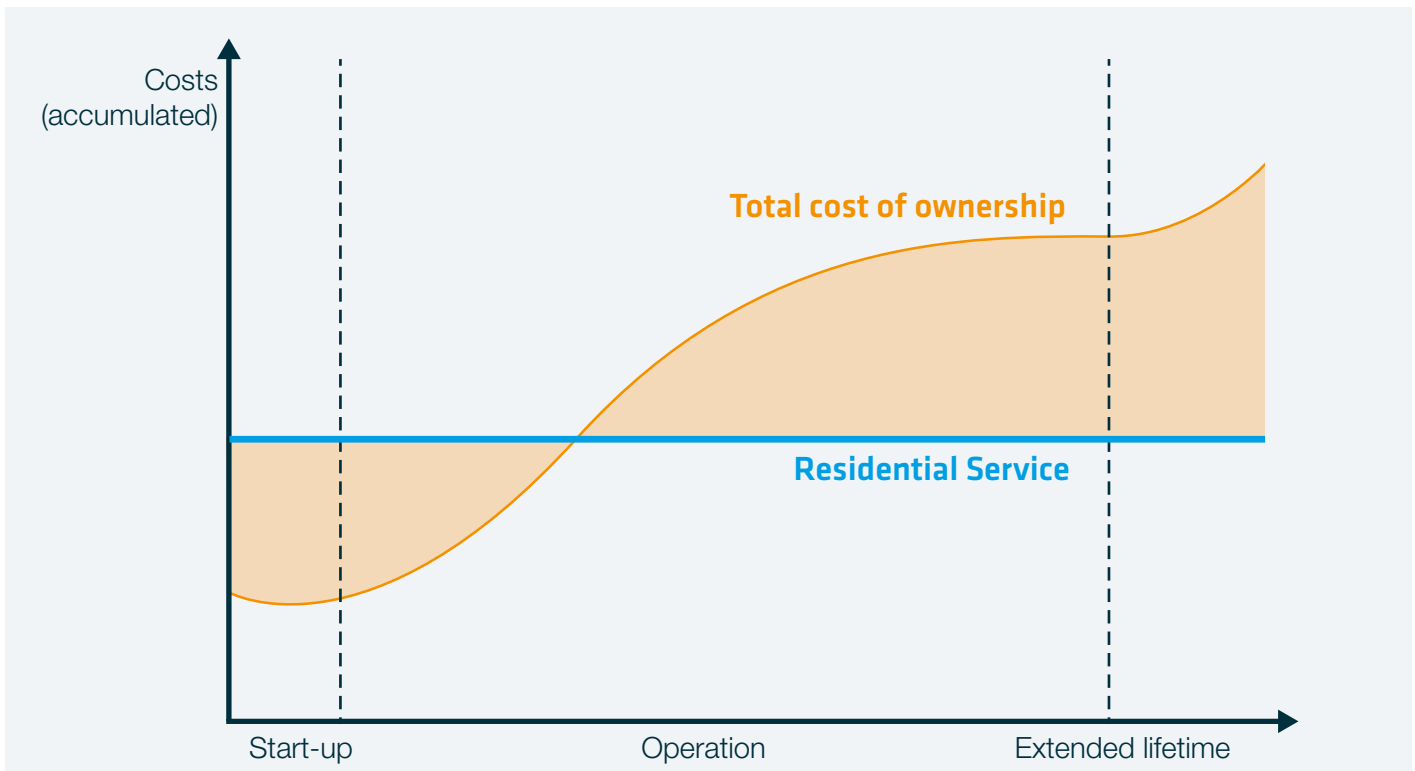

Your benefits:

You want to achieve high returns over the long run with low total cost of ownership – and BEUMER Residential Service is the solution for all who want to focus on their core business and high availability.

OUR SCOPE OF WORK

Downstream from the silos, BEUMER experts will operate and maintain your equipment, manage your warehouse, and take over responsibility for everything in the warehouse environment, including your automatic high racks, fork-lifts, and facility management. And this service is not limited to BEUMER equipment. For example, bagging lines comprised of machinery from different OEMs will also be serviced by our experts. This provides you with peace of mind and a single point of contact for all your activities in each warehouse.

COMPARISON OF O&M MODELS
